

Sarah,

Thank you so much for all of your hard work and picking up the responsibilities during the last leg of our planning process. It was a wonderful dinner and reception. I have heard nothing but amazing things from our guests. You were great to work with, too!

You're welcome for the flowers. I am glad you like them.

We will definitely keep you in mind the next time we have a big celebration.

Thank you again,
Jessica (and Terry)

I second that! It was an awesome time and we have received a plethora of great compliments!
