

Thanks Aaron,
Everyone I spoke with had a wonderful time. They said the Manor was lovely. They were impressed by the food and service; more than a few people mentioned to me how polite and courtesy your staff was. And I mean they really loved it! So thank you and your family for the top notch food and service. The impression you made, when we first met let me know you guys were great! We would definitely use you again for any catering or events. We had a wonderful time and will always remember that night. My only regret is I wish I had had more time to eat my steak, because it was a beauty! I was hoping maybe sometime I could just swing by and get that meal to go (just kidding) Awesome time, great food, great service, we couldn't have picked a better place to have our wedding reception. The time went by so fast though, maybe we should have extended our reception to twelve hours? Ha ha.

Thanks again we really do appreciate the wonderful time you gave us!!

Sincerely,

Tony and Laurie
